DIRECTOR OF CENTRAL INTELLIGENCE
Joint Atomic Energy Intelligence Committee

3 November 1988

MEMORANDUM FOR: Deputy Director for Intelligence

FROM:

[Redacted]
Chairman, Joint Atomic Energy Intelligence
Committee

SUBJECT: Selection of Nominee for JAEIC Position

REFERENCE: Memo for Chairman/JAEIC from Executive
Director, dated 4 October 1988, Same
Subject

I am pleased to have had the opportunity to consider the highly qualified individuals nominated by the Central Intelligence Agency for the new positions in the Joint Atomic Energy Intelligence Committee (JAEIC). I have selected [Redacted] from the Office of Global Issues to fill one of these positions. The JAEIC has set an ambitious agenda through the remainder of this year in anticipation of the additional availability of manpower resources. Therefore, my desire is to get [Redacted] on board as soon as possible. Anything you could do to expedite the process would be most helpful and appreciated.

DIRECTOR OF CENTRAL INTELLIGENCE
Joint Atomic Energy Intelligence Committee

17 August 1988

MEMORANDUM FOR: Executive Director

SUBJECT: New Positions at JAEIC Office

1. This letter asks for your help in finding outstanding individuals to work in an expanded Joint Atomic Energy Intelligence Committee (JAEIC) Secretariat.

2. The JAEIC is chartered through DCI Directive 3/9 to advise and assist the DCI with respect to the production of national intelligence on foreign atomic energy issues including, but not limited to identification of new collection systems, assessing responsiveness of intelligence production, and supporting international atomic energy intelligence conferences. The Committee is essentially an all volunteer organization and all members and working group participants have other full-time responsibilities. Until now the only dedicated resources were an executive secretary and an administrative secretary. Recent developments have strained the existing resource structure at the JAEIC:

a. A new emphasis on treaties involving nuclear weapons and the resulting Intelligence Community monitoring responsibilities.

b. A strong push by the Deputy Director for Requirements and Evaluation of the Intelligence Community Staff to insure that production requirements are considered in all decisions on funding for collection programs.

c. A commitment by members of the Nuclear Intelligence Community to address issues as a group in order to define Intelligence Community views.

3. To more effectively address the developments outlined above, two new billets are being established at the JAEIC Secretariat Office. The billets may be filled with rotational individuals at the GS 14/15 level. A nuclear

background is not a requirement for these positions, however we are looking for highly motivated individuals who can help the JAEIC in any of the following areas: tracking programs and budget build, developing specific collection requirements, working nuclear treaty monitoring issues. [REDACTED]

4. These positions offer a challenging and exciting career opportunity providing individuals with a chance to contribute to our efforts to resolve some very difficult and important nuclear intelligence issues, to work more closely with collection committees, and to get a better over view of the budget process. I solicit your support in disseminating this information to qualified individuals in the Central Intelligence Agency. More details on the responsibilities of the position and nature of the work will be available through the JAEIC office at [REDACTED]
